FOR IMMEDIATE RELEASE

West Star Aviation Is An Authorized Dealer And Installation Facility Of eABS System

Grand Junction, CO, March 15, 2016 - West Star Aviation has been approved as an authorized dealer and installation facility of Advent Aircraft System, Incorporated's newly acquired Anti-Skid Braking System (eABS) STC.

"The system offers improved performance and light weight easy-to-install anti-skid braking systems. We are pleased to be able to offer dealer and installation service to our Turboprop and Light Jet customers." said Dave Girard, West Star Turboprop/Light Jet Sales Manager, Grand Junction, CO, (GJT).

Additionally, the system offers enhanced tire protection, tactical feedback, smoothness in adverse conditions, and Low-Speed Cut-Out. The system is an easy installation process that will have West Star Aviation's customers back in the air quickly.

Voted #1 Preferred MRO in *Professional Pilot* magazine's annual "Preferences Regarding Aviation Services and Equipment" (PRASE) Survey for two consecutive years, West Star Aviation, Inc. specializes in the repair and maintenance of airframes, windows, and engines, as well as major modifications, avionics installation and repair, interior refurbishment, surplus avionics sales, accessory services, paint and parts.

In addition to its facilities in East Alton, IL; Grand Junction, CO; and Chattanooga, TN, West Star Aviation runs maintenance operations at Aspen-Pitkin County Airport in Aspen, CO; Chicago Executive Airport in Chicago, IL and Centennial Airport in Denver, CO. The company also provides complete FBO services for transient aircraft at its newly remodeled East Alton and Grand Junction facilities. West Star Aviation, Inc. is an industry leader in technical experience and expertise while providing world-class customer services in all the organization's divisions. For more information visit www.weststaraviation.com or call 800-922-2421.
